The elder Dooms was here in charge of the Douglas county authorities, who took him to county jail at Ava.

Bring your cream to the mill. We have facilities for handling cream second to none and insure your satisfaction. We take cream any day in the week. We pay the top market at all times and give you a Square Deal. Try us once, that is all we ask. Your check within one hour after delivery of cream.—The Square Deal Milling Co.—adv.

## RED CROSS DRIVE FOR MEMBERS TO COMMENCE DEC. 17

ENROLLMENT OF 15,000,000 BY CHRISTMAS EVE IS THE GOAL SET.

SOUTHWEST QUOTA 2,000,000

Every Person With Red Blood In His Veins, Who Is Not Already a Member, Will Join by Dec. 25.

"Make it a Red Cross Christmas!" This is the slogan of the Southwest division of the great American Red Cross, which will begin a drive Monday, Dec. 17, to obtain 2,000,000 new members in the states of Missouri, Kansas, Arkansas, Oklahoma and Texas.

A similar drive is to be made at the same time in the other 12 divisions of the Red Cross throughout the United States. The Red Cross has 5,000,000 members at the present time. Fifteen million members by Christmas Eve is the goal of this wonderful organization.

Outside of the army and the navy the Red Cross is the most important instrument for winning the war. Facts and figures dictate this statement and not sentiment.

Much has been said and written regarding the sentimental side of the Red Cross and too little has been said and written of the actual work which the Red Cross does. As a matter of fact, the Red Cross is nothing more than God's own instrument for making the world safe for democracy. All of the armies and all of the navies of all the allied countries would be impotent unless back of them there was a Big Something making for the morale which is the backbone of every fighting machine.

Morale Makes an Army. Every soldier and every sailor must know that his country is backing him up with something more than munitions and a uniform; he must know that the spirit of the country is behind him, that its humanity is reaching out to him and reaching out to his, that the All-Seeing, All-Powerful One, the Big Director of Humanity, is going to take care of him and take care of his family while he is fighting.

Morale and munitions win wars. The Red Cross is morale with a big M, and without the Red Cross there could be no such thing as morale. A few facts covering a few of the activities of the Red Cross since the United States went into the big war is sufficient proof of all these statements. No man with red blood in his veins can read these facts and then refuse to become a member of the Red Cross, unless he already is a member.

Because of the enormity of the task and because of the fact the United States was unprepared for war, the War Department has been slow in getting supplies to cantonments, and in many instances soldiers would have suffered had it not been for the quickness of the Red Cross in coming to their relief. Some red tape, of course, attaches to the Red Cross. At a Southern cantonment 2,000 of the men were without shirts; the War Department was not able to furnish the immediate need. The Red Cross stepped in and within 24 hours every man was properly outfitted.

Blankets Are Supplied. At another cantonment the men had an insufficient supply of blankets and the government could not put through a requisition in time to alleviate the suffering which followed. Again the Red Cross went to the rescue of the government, again it proved it was the government's right-hand ally.

At still another cantonment sweaters were furnished for more than 2,000 soldiers who were without overcoats. One of the biggest things the Red Cross is doing in America and throughout the countries of the Allies is civilian relief. Here are some cases in point which alone are sufficient to make membership in the Red Cross synonymous with citizenship in the United States:

CASE ONE.—Mother with daughter twenty-five, son twenty-two and daughter thirteen. Son drafted. Mother taken dangerously ill, without hope of recovery. Oldest daughter must resign her position, pay \$25 per month, to care mother. The soldier's allotment of \$20 only income.

Home Service Section investigated; found an excellent family never in want before, now in dire straits and needing great assistance. Chapter made a grant of \$10 a week to provide finances for living expenses, medicines, doctor bills, etc., and are making encouraging calls to the family and assisting the daughter in nursing her mother. Financial relief alone would not have been enough in this case.

Splendid Home Service. CASE TWO.—Man enlisted in army and married in June, 1917, asked for discharge in October. Son drafted. Mother taken dangerously ill, without hope of recovery. Oldest daughter must resign her position, pay \$25 per month, to care mother. The soldier's allotment of \$20 only income.

Home Service Section investigated; found an excellent family never in want before, now in dire straits and needing great assistance. Chapter made a grant of \$10 a week to provide finances for living expenses, medicines, doctor bills, etc., and are making encouraging calls to the family and assisting the daughter in nursing her mother. Financial relief alone would not have been enough in this case.

CASE THREE.—An aged farmer and his wife had two sons, twenty-five and twenty-two years old, respectively. The older boy was drafted. Two weeks later the second boy was taken ill suddenly and died. The old folks were distressed, not only for the loss of their son, but because they had a growing crop, their only means of support, without any one to gather it.

the neighboring farmers, gathered the crop, helped to market it and gave kindly advice and assistance to the old people. That was all that was needed, but it was good home service.

CASE FOUR.—Referred by Canadian Patriotic Fund, American citizen enlisted in Canadian forces, leaving a wife and four children in United States. Man formerly earned \$150 per month and took excellent care of his family. He made an assignment of \$20 of his pay; the Canadian government made an additional separation allowance of \$20, total of \$40 per month. Woman willing to readjust her mode of living, but to drop from \$150 per month income to \$40 per month was impossible without great sacrifice to health and environment of children.

Allowance Made for Wife. Home Service Section investigated, found an excellent family and enthusiastically recommended grant of \$10 per month to be added to the \$40. This was enough to relieve this woman of the constant worry and fear which was rapidly driving her to a neurotic condition. There will be many cases like this for the Red Cross.

CASE FIVE.—Referred by Commandant of Army Post. Soldier had deserted and when recaptured, gave as his excuse that the fear of his wife and three children starving in Chicago drove him to it.

Home Service Section investigation showed man well known to all charities of Chicago because of his absolute failure to support his family and his frequent desertion and long absence from them. Soldier compelled to make an allotment of \$20 per month for their support, and at wife's request (this being her first dependant income from him) man was kept in the army. Our Home Service Report helped the commandant, too, for he no longer felt like a brute in handling this "poor man" and began at once to make a real man out of this soldier.

Hospital Units Replaced. In the recent German offensive which resulted in the invasion of Italy, the Germans captured 86 hospital units attached to the Italian army. Thousands of Italians were wounded in the movement, requiring immediate medical assistance. The Italian army was unable to furnish them. A quick call was put in for the Red Cross and within a few hours Red Cross surgeons, Red Cross nurses and Red Cross supplies were being rushed to succor the thousands of wounded Italians.

Here, indeed, in all these cases, is proof of the necessity and the practical worth of the Red Cross; here, also, is infallible proof that every citizen of the United States should be a member of the Red Cross.

In the Christmas drive for members, which is to begin Dec. 17, membership will be issued upon the payment of \$1. With each \$1 membership there will be given a Red Cross service flag which it is desired members will display in a front window Christmas Eve from 7 to 9 o'clock. The flag is transparent and with a lighted candle behind it will make a most impressive patriotic display.

Is the blood in your veins RED? If it is YOU will have a Red Cross service flag in YOUR window Christmas Eve, and when the news is flashed to the battlefields Christmas morning that 2,000,000 people in the Southwest have declared "We are behind the boys in the trenches" down in your heart you may be thankful that it has been your privilege to be one of those to send this inspiring message.

### FRENCH CHILDREN SAVED BY RED CROSS IN FRANCE

How the Red Cross carries on its humanitarian work in France is illustrated in a cablegram received a day or two ago from that country.

At Evian the Red Cross opened a children's dispensary in the garage of an old hotel. It is known as the American Children's Hospital. Ten days before a general hospital was opened at Evian with 70 beds. It is already overcrowded with cases of diphtheria, measles, scarlet fever and whooping cough. American doctors twice daily examine an average of 250 children arriving from behind the German lines and send contagious cases to the American hospital.

Every contagious case thus stopped may mean that an epidemic will have been prevented somewhere in France. An American dentist opened a dental dispensary in an old hotel at Evian, using a chair improvised from wine barrels. His first patient was an underfed boy from Lens. The boy's family of seven had been living two years and a half in the cellar of their home, which had been wrecked by the Germans.

### RED CROSS NURSES SENT TO ARMY CANTONMENTS

Fifty public health nurses have been assigned by the American Red Cross to the zones surrounding the national army cantonments, camps and army bases.

The nurses will work under Red Cross sanitary directions in co-operation with the local state and federal health authorities.

Nurses have already taken up their work in the vicinity of cantonments at Hattiesburg, Miss.; Ft. Riley, Kan.; Des Moines, Iowa; Louisville, Ky.; Little Rock, Ark.; Ayer, Mass.; Chillicothe, Ohio; Atlanta, Ga.; Newport News and Petersburg, Va.

As visiting nurses in the rural territory and cities adjoining the camps the Red Cross nurses agreed to public health work will endeavor to prevent the spread of tuberculosis, malaria and other infectious diseases and strengthen the local work for infant welfare.

### SCHOOL CHILDREN TO AID IN WORK OF RED CROSS

Organization of the Junior Red Cross among public school children throughout the United States has been warmly approved by President Wilson. In a letter to Dr. H. N. Mac Cracken, president of Vassar college, who is in charge of the organization of the new Junior Membership Board, the campaign for members is being carried.

## RED CROSS WORK SAVES SOLDIERS FOR NEXT SPRING

MEN AT FRONT ARE HEARTENED BECAUSE THEIR FAMILIES ARE CARED FOR.

GEN. PERSHING CO-OPERATES

American Leader and Gen. Petain Aid in Relieving Distress, Thereby Keeping up the Morale of the Army.

That the work which the Red Cross is doing in France to alleviate suffering among the families of Frenchmen who are fighting at the front represents a saving of 1,500,000 men is the opinion of William Allen White, noted writer and owner of the Emporia (Kan.) Gazette, who has just returned from France.

"It is not probable that our army in France will get into the fighting to any large extent until next spring. The real war work that should interest the people of America this winter is of an economic rather than of a military character. It will be carried on by the Red Cross in France, its purpose being to relieve needy conditions in the homes of French soldiers who are in winter quarters in the trenches at the front.

Comfort Women and Children. "It is felt by the military officers of both nations that nothing could do more to keep up the morale of the French soldiers during the coming winter than to bring comfort to women and children at home. The soldier's knowledge that his family is being well cared for will take a great load off his mind and hearten him to stand up against privation which otherwise might break his spirit and render him of no physical use.

"Maj. Grayson M. P. Murphy of the Red Cross, Gen. Pershing and Gen. Petain of France are working in unison to perfect the plans for the relief of families of soldiers, the military commanders believing that it will be of the greatest benefit to both armies. It should be kept in mind that every soldier who is saved this winter means the saving of an American boy when the big drive begins next spring. Some American boy will have to take the place of every Frenchman who is killed or who breaks down under the strain.

"This particular relief work means, therefore, that French soldiers will be saved for work in the spring and American lives will be conserved at the same time.

Petain Is Doing a Great Service. "Gen. Petain is having French officers go right down the lines and ascertain from every soldier whether he has any worries on his mind concerning sickness or want at home. Report will be made to headquarters weekly and not a single case will be overlooked in the immense undertaking. Special attention will be given to the treatment and prevention of tuberculosis, and child welfare work also will be an accompaniment of the general relief. Scattered through France, many of them in soldiers' homes, are some 200,000 refugees from the war zone, and these also will receive attention.

"In short, it is the purpose to keep the spirit of France bright until the military forces are ready to deal their smashing blow against German autocracy. Thus it is I say that the great struggle of the winter will be the economic struggle. The Red Cross practically will fight the American fight until our boys take their places on the firing line next spring."

Right now—today—is the time to help. Have YOU joined the Red Cross?

### Children as Red Cross Workers.

Children in the public schools throughout the country are to help the cause of the Red Cross. Many of the simple articles and supplies needed in the hospitals will be made in the ordinary course of their school work, and this material contribution to the comfort of our soldiers will be of great importance.

Children as Red Cross Workers. Children in the public schools throughout the country are to help the cause of the Red Cross. Many of the simple articles and supplies needed in the hospitals will be made in the ordinary course of their school work, and this material contribution to the comfort of our soldiers will be of great importance.

### Christ Flowers.

Born of the clouds and darkness, Of the frost and early snow, When the summer blooms have faded, The beautiful Christ flowers blow. All through the budding springtime, All through the summer's heat, All through the autumn's glory They hide their blossoms sweet. But when the earth is lonely And the bitter north winds blow, With a smile of cheer for the dear old year The Christmas blossoms blow.

Sweet as the dream of summer, White as the drifting snow; When our hearts are filled with grieving, The beautiful Christ flowers blow. Not all the south winds' soothing Opens their secret heart, Blending their glow and stately, Guarding their life apart; But when the earth is dreary And heavy clouds hang low, With their tender cheer for the way worn year The Christmas blossoms blow.

Sweetest of all consoling, Fairest of flowers that grow! When hopes and flowers have faded The beautiful Christ flowers blow. Bright in the cottage window, Sweet in the darkened room, Fair in the shortened twilight, Cheering the dusky gloom. Oh, when our hearts are lonely And clouds of care hang low, What blessed cheer for our dying year, The Christmas blossoms blow!

Large Trial Bottle of Sanol for 35c. Sanol is a family remedy. Sanol is sold on an absolute guarantee. Remember if it says Sanol it is all right. 35c and \$1.00 at the drug store.—adv.

### Shooting at Manes

Joe Todd, aged about 21 years, teacher of the Perkins school near Manes, was mysteriously shot Thanksgiving night at a pie supper at the Manes school. The bullet passed entirely through Todd's body and he has since been in a critical condition, with chances, however, of recovery.

L. T. Rice, wife and two children, who had been visiting relatives here, left Tuesday for their home at Kansas City. Ruth Evelyn Rice arrived at the Rice home Aug. 21.

### With the Colors

Miss Maude Reynolds of Mansfield is now a district U. S. recruiting officer, having received her commission as such. Her appointment was recommended by Dr. F. H. Riley, chairman of the Wright County Council of Defense. She will maintain her office in the J. D. Reynolds store. Mrs. F. D. Gardner of Jefferson City leads the organization of these recruiting officers for the state.

Lieutenant Paul Robinson is visiting his brother, O. L., and family. He has been at Fort Snelling, Minn., where he was offered his choice of first lieutenant in the reserve army, or second in the regular. He accepted the latter and will be with the first cavalry at Cheyenne, Wyo.

Arthur Glass of the Douglas County Democrat of Ava was here last week en route to Springfield, having enlisted in the aviation section of the Army. He left Springfield for St. Louis, where he expects to be about ten days' going from there to San Antonio, Texas.

Frank Mays was home from Camp Funston, Kans., to spend his Thanksgiving vacation with home folks. Frank was with the Douglas county draft.

Erbin Steele and Charles Allen of Hartville have joined the aviation section of the Army and are to report for duty about the 10th.

John Roy one of the Douglas County soldier boys at Camp Funston spent his Thanksgiving forenoon with home folks.

Do you get up at night? Sanol is surely the best for all kidney or bladder troubles. Sanol gives relief in 24 hours from all backache and bladder troubles. Sanol is a guaranteed remedy. 35c and \$1.00 a bottle at the drug store.—adv.

### Is Your Name Here?
